Forecast For Wales
Issued by Met Office Exeter
at 0400 on Sunday 08 Aug 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Sunshine and showers continue throughout.

Today:
Showers continue to move eastwards across the country, bringing widespread heavy downpours throughout the morning. Showers become more scattered into the afternoon, although possibly thundery in the north, allowing for more frequent drier and brighter spells. Breezy throughout. Maximum temperature 19 deg C (66 deg F).

Tonight:
Showers soon fade through the evening to leave a largely dry night for most, with clear spells, although southernmost areas may see some rain at times through the early hours. Minimum temperature 12 deg C (54 deg F).

Monday:
Another day of sunny spells and widespread afternoon showers, these heavy and possibly thundery at times before they ease into the evening. Breezy throughout. Maximum temperature 20 deg C (68 deg F).

Outlook for Tuesday to Thursday:
Drier Tuesday, with sunny spells and less frequent showers than recently. Cloudier Wednesday but staying largely dry, before rain arrives overnight and into early Thursday; dry following this. Feeling warmer.
